

Demers Prototype, Inc. dba

## *Reaches ISO 9001:2015 and AS9100D Certification*

We are proud to announce that Demers Prototype, Inc. dba **Olympic Engineering Service** (“Olympic”), has achieved ISO 9001:2015 and AS9100D certification through Perry Johnson Registrars. This achievement is an important milestone for us at **Olympic** as it brings us a step closer to our goals. Through a process of continuous improvement, we aim to deliver supreme quality products and services.

In the process of achieving the ISO 9001:2015 and AS9100D certification, we strongly feel that **Olympic**, as a company, has gained in value. From this exercise, we have become familiar with the requirements of the ISO 9001:2015 and AS9100D standards. We would like to share with you the commitment, perseverance, and vast effort put forth by all of our employees in a comprehensive review of our Quality Systems. We are both proud and grateful for the excellent teamwork displayed by our employees in making the event happen.

We would like to take this opportunity to extend our most sincere gratitude to our suppliers and customers. Our customers have shown us the value of high expectations and the feedback you have provided to us has proven invaluable in our refinement process.

Moving forward, we truly believe that our Quality System defined by the ISO 9100:2015 and AS9100D certification will enable us to provide you, as our customer, added value in our products and services. At **Olympic**, the process of continuous improvement is now moving ahead stronger than ever. With our goals focused on the emphasis of quality assurance and innovative production, we look forward to bringing the business to new heights in the months and years to come.
